*Claim Rejections - 35 USC § 112*

1. Claims 1-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The preamble of claim 1 calls for only an adapter. However, the body of the claim includes an adapter and a testing cable. The preamble and body of the claim should be of commensurate scope.

*Claim Rejections - 35 USC § 103*

2. Claims 23,24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Camps et al (6,397,108) in view of Hauptert et al (6,580,948).

56. As set forth in the previous office action, Camps ~~teaches~~ is considered to teach an adapter as set forth in claim 23, see figure 4. Further, col. 10:52+ teaches that the adaptor can be connected to an external medical device via pins 166,168. To use a cable to connect the pins to an external medical device, as shown by Hauptert, would have been obvious in that it would allow the adapter to be located more remotely, and therefore more conveniently, from the external medical device.

*Allowable Subject Matter*

3. Claims 16-22,25 are allowed.

4. Claims 1-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
